

***ROOMZ SA is a fast-growing company from Switzerland. We help companies manage their workspaces efficiently while boosting employee satisfaction. Our solution is a combination of easy-to-install, cable-free and elegant meeting room displays, accurate presence sensors and innovative SaaS software. The system can easily be connected to any existing calendar software such as Exchange, Office 365 or other booking systems.***

*To build up our Ecosystem and Solutions, we are currently looking for a :*

### **Senior Software Engineer (m/f), 80-100%**

At ROOMZ, you will work on SaaS products that deliver significant value to partners, customers, and users. You play a key role in our mission to provide solutions for more effective and enjoyable workplaces.

### **Responsibilities**

- Analyze, conceptualize, architect, develop, test, optimize performance, manage deployments and actively oversee bug resolution for new and existing software.
- Identify and evaluate appropriate technology platforms and trends to support and contribute to the success of the business.
- Provide comprehensive documentation.
- Offer technical support to colleagues, partners and customers.

### **Your profile :**

- Bachelor or Master degree in Computer Science, or equivalent experience
- Proficiency in .NET C#, experience with ASP.NET Core is a significant advantage
- Strong understanding of industry best practices and development patterns
- Solid experience with web technologies such as REST, WebSockets and RPC
- Familiarity with React and a keen interest for front-end development are highly valued
- Competence in SQL, experience with Entity Framework Core is a strong plus
- Experience with Microsoft Azure is a strong plus
- Ability to work independently and in a team, both in the office and remotely
- Fluent in English, proficiency in French is an asset
- Structured and likes to pay attention to details

### **Our offer :**

- An exciting opportunity in an innovative and stimulating work environment
- Significant autonomy in your work and the chance to work with cutting-edge technologies
- A vibrant corporate culture, including team events and outings
- Opportunities for further development within a growing company
- Competitive compensation
- Option to work from home or a Co-Working Office
